STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.

SAW THE FIRST TRAIN PULL INTO MARYVILLE.

The following is from this week's Skidmore News:

One of our readers, Mrs. Anna Jones has the distinction of being one to see the first train that pulled into Maryville. He parents lived in the east part of Maryville, it was n the year 1869 and they watched the road bed as it was prepared for the coming of the railroad track, with great interest and finally when the day came for the first train to arrive, there was a great deal of excitement in our county seat. Mrs. Jones says that as she remembers it now, the thing that impressed her most, was the smoke from the engine, it was of course the first large engine she had ever seen. Traveling was not so easily done then as now. The mail was carried between Maryville and St. Joseph i na hack, and any one wishing to go to St. Joseph, had to ride in the mail hack. At that time where the Christian church stands at present, was a corn field, and in going through the county, you could travel several miles in some places without finding a house.

How Soon Can You Save the Price of an Electric?

The old-fashioned method of washing, either in the home or by sending it out, now costs several dollars a week.

The ELECTRIC WASHER will do an ordinary washing for 5c worth of electricity, and added to the cost of water and soap the electric way is mighty cheap.

In fact, you can save the price of a washer in a short time by doing the washing by electricity.

You can save $10 of it this week by buying a MAYTAG before the raise in price.

A NEAR-FATAL ACCIDENT.

Mrs. D. T. Shelton Had Narrow Escape at Wabash Crossing.

Mrs. D. T. Shelton and daughter, Gladys, who live near Dawson, had a near-fatal accident Friday night on their return home from Burlington Junction.

As they crossed the Wabash railroad tracks just west of town, No. 14, eastbound passenger train, was approaching the crosing, but the glare of the headlight made it appear farther away than it was. Mrs. Shelton thought she had time to cross, and did not stop her car. The headlight blinded her, however, and after crossing the track she was unable to see teh road clearly. The car left the road and the bridge railing struck the radiator in the center.

As the car crashed into the railing, the train reached the crossing, barely missing the rear end of the automobile.

Persons who passed the place next day declared that it looked impossible for a car to stand with the radiator against the bridge railing and not be struck by the passing train.

Neither Mrs. Shelton nor her daughter were injured, and the car was damaged only slightly.—Burlington Junction Post.

WOMEN SMOKE TOO MUCH

Restraint in the Name of the Countrys Welfare Is Asked to Avoid Serious Results.

Washington, Feb. 6.—Increased use of tobacco among women in 1919 was "appalling"", according to the board of temperance, prohibition and morals of the Methodist Episcopal Church.

In a statement yesterday the board made "an earnest appeal to women to refrain from the use of tobacco in the name of the country's welfare."

"No nation can maintain the vigor which has been characteristic of the American people after its women begin the use of cigarettes," the statement said. "The sedentary life of women tends to an excess in the use of tobacco and produces more serious results than is caused by its use among men. The efect of tobacco upon women is similar to its effects on immature youth."

Annual Public Sale of Duroc Jersey Bred Sows

Will Be Held at Clarinda, Iowa,

Tuesday, February 10, '20

In Keeney's Poultry House, Beginning at 1 P. M. Sharp:

In this offering we are putting in a good useful lot of tried sows and gilts, that are in good shape to do well for the man that buys them. Blood lines good enough for anyone. Notice the variety we are offering. The offering is sired by such boars as Educator Orion, High Orion, Sensation's Climax, May's Watt Model, R. Grand Col., Watt's Orion Cherry Chief, High Orion 2nd, Critic's Cashier, P & M's Good Enough, Cherry King Orion Jr., Royal Orion.

They are bred to such boars as Educator's Orion, Ideal Giant, Sensation's Rival, Iowa's Orion, Pathfinder's Climax, King Aviator, some of the best boars of the breed. Now we have been breeding Durocs here at Clarinda for the last 20 years. There are very few older herds in the State. We have sent quite a few hogs to other herds, and they always made good. Now right here we want to thank the breeders and the farmers for their support in the past and especially the farmers. We feel sure in saying fully 90 per cent of all the hogs we have raised in the last 20 years have been bought by the farmers, and we are proud of our farmer trade. Be sure and get a sow or gilt bred to one of these good boars.

Come to Clarinda on Feb. 10, and spend the day with us. Remember we sell rain or shine, flu or no flu, so do not stay away thinking there will be no sale, for there will be, if you come.

PLANNING STATE CO-OPERATIVE ELEVATOR ASSOCIATION.

A state organization of farmers' co-operative grain elevator associations may be the outcome of farmers getting together at the University of Missouri College of Agriculture Farmers' Week. A committee appointed at that time has called at meeting in Moberly, Mo., on February 26-26, to perfect a state organization.

Missouri is the last of the principal grain producing states to form a state organization of farmer grain dealers associations. Communities planning to build elevators this year, as well as the elevator associations will profit by sending representatives to the Moberly convention. Inquiries in this regard should be addressed to Ralph Loomis Extension Agent in Marketing, Columbia, Mo.

HOMELY GIRLS MAKE BEST DANCERS, EXPERT SAYS

Chicago.—Louis Guyon, proprietor of the largest dance palace in Chicago, says that homely girls dance much better than their pretty sisters. As owner of a dancing floor on which thousands of both ugly and pretty girls do the hop, skip, jump, drag, crawl and squirm of the new dances, he has observed closely, he says, and declares that he knows whereof he speaks.

"Homely girls make the best dancers," he said. "They are more graceful than pretty girls because they are more serious and work harder to make up for their lack of facial beauty. Pretty girls are lazy and indifferent as a rule. They are apt to be conceited."

Hungarian wedding celebrations are generally of a very lively character, with much feasting and dancing, and frequently last two or three days. The most interesting feature of the festivities is the "cracking of the plate," when the men throw silver in handfuls down on the plate for the privilege of dancing with the bride.

Booze's place is in the home.—New York Tribune.

And to think we used to wonder what we'd do for excitement after the war was over!—New York Call.

In Serbia and Bulgaria the girl who is not betrothed by her sixteenth birthday is considered hopelessly ineligible.

In Switzerland a bride will permit no one, not even her parents, to kiss her upon the lips on her wedding day.

Ouch! Such Pain!

It Takes You Right In the Back!

SOMETIMES IN THE ARM, HIP OR FOOT

It's all due to an over-abundance of uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is, "keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store, in tablet form, and will dissolve uric acid as hot coffee dissolves sugar.

You know that before an insurance company will take a risk on your life the examining physician will test your water and report whether you are a good risk. You should send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout; or sleep is disturbed two or three times a night. Get Dr. Pierce's Anuric (Anti-uric-acid), for it will put new life into your kidneys and entire system. You will feel full of vim, vigor and vitality, instead of tired, dragged-out and blue.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

A New York man was permitted to leave his cell in jail long enough to get married. To save us we cannot see how he has bettered his condition.—Dayton News.

At Swedish weddings, among the middle and lower classes the bridegroom carries a whip. This is an emblem of his authority in the domestic circle.
